Education

General Assembly

Software Engineering Immersive |
Jan 2019 - April 2019

University of California:
San Diego

B.A Political Science/American
Politics | 2010

Experience

Pluralsight | Remote

Full Stack Software Engineer | March 2022 - July 2023

- Developed enterprise-level serverless cloud applications on AWS, leveraging Infrastructure as code (IaC) to solve complex business problems within a microservices architecture.
- Helped build and deploy a brand new commerce stack while maintaining our team's legacy checkout and subscription systems.
- Actively participated in design discussions, refinement, retrospectives, and on-call rotation, fostering an Agile mindset
- Achieved 85% test coverage by integrating unit and integration tests
- Conducted thorough code reviews, applying clean code practices and SOLID principles
- Implemented robust CI/CD processes, enabling seamless deployments
- Actively engaged in continuous learning through pair programming, learning academies, mentorship, and AWS certifications
- Leveraged knowledge in full stack development lifecycle, Typescript, GraphQL, AWS serverless, microservices architecture, CI/CD processes, testing

Social Driver

Maintenance Developer | April 2021 - July 2021

Web Developer | July 2020 - April 2021

Jr Web Developer | July 2019 - July 2020

- Worked with a team of strategists, UX developers, project managers, and visual designers to develop and launch 18+ websites
- Created documentation and conducted 10+ CMS trainings for clients
- Maintained websites by fixing bugs, optimizing images, updating plugins and refactored code to improve accessibility and performance
- Received superlative award: Best Question Asker
- Leveraged knowledge in feature prioritization, MVP, Wordpress, Sass, accessibility

Greenberg Quinlan Rosner

Research Data Analyst | May 2018 - Jan 2019

Lead Research Data Associate | Jan 2016 - May 2018

Research Data Associate | Nov 2013 - Dec 2015

- Designed, conducted, supervised, and programmed over 120 political surveys. Advised analysts and calling house vendors on best practices

The Feldman Group
